

The Pawlet Community Church is looking for help with our monthly pork suppers. Suppers are held the first Saturday of each month from April-November. As this is one of our largest sources of revenue, we rely on the good participation of our community members to pull off this warm and friendly community event!

Please consider joining our team whether it's each month or just one or two times, we appreciate any and all help! The proceeds from this monthly event help us to help others.
